

CAMILLUS POCKET KNIVES

"Why Camillus Has The Edge"
GENERAL INFORMATION

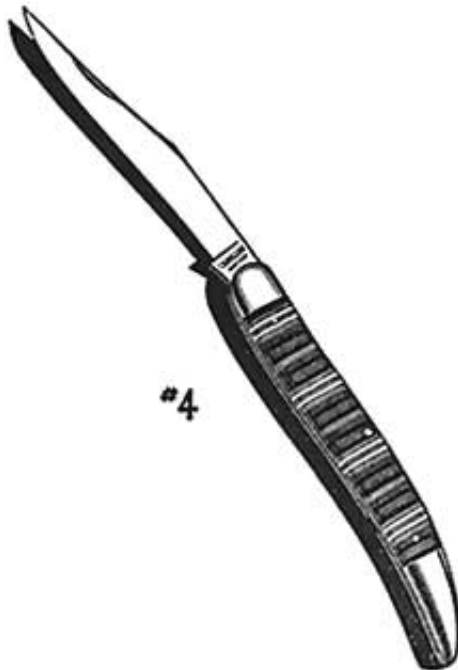

Blades—Made of custom-made steel to best fit the peculiar requirements of pocket knife blades—sharpness, toughness and durability.
Edges hand honed under oil with extreme care to provide the keenest cutting edge possible.
Construction—Precision made to perfect fit and operation. **Solid handles** of best and most attractive bone stag or plastic. **Nickel silver trim** (bolsters, tips and shields where specified) and **solid brass linings** (where specified).
Appearance—High polish, selected handles, attractive design supply customer attraction and salability.
Packaging—Each knife wrapped in cellophane for more eye appeal, less handling.
New Smart Boxes—Number on the bottom section so knives cannot be mixed—with many other sales making, simpler handling features.
Sales Promotion—The line is supported by sales card, streamers, display cases, etc., to keep it moving over the retail counters.
The Manufacturer—Camillus Company is one of the oldest and largest in the country—over 70 years of pocket knife experience—one of the country's modern pocket knife factories.
